ABOUT US

Dade Coolers (Dade Engineering) has been manufacturing cold storage panels since 1953. Our product range includes **walk-in coolers and freezers, beer caves/coolers, store merchandisers, commercial refrigerators & freezers, cold storage rooms, and mortuary compartments.**

We use top-quality materials and the latest technology to ensure our products are of the highest quality and exceed local building codes.

Additionally, we are a **Heatcraft OEM distributor**, partner with top vendors: **TurboAir, Copeland, Tecumseh and Weiss Instruments** for quality parts.
